17 STATEMENT

18
19 This bill provides that a member of the United States military or
20 his dependent who lives in New Jersey and is attending a county
21 college established by the county in which the member resides or is
22 stationed must be charged the county resident tuition rate.
23 Currently, many military members and their dependents maintain
24 out-of-county or out-of-State addresses. As a result, these military
25 members and their dependents do not qualify for the resident tuition
26 rate at their local county college. In most county colleges in the
27 State, the county resident tuition rate is significantly lower than the
28 nonresident tuition rate.

29 Current law at N.J.S.A.18A:62-4.1 provides that those members
30 of the military who are enrolled in public institutions of higher
31 education are considered State residents for the purposes of
32 qualifying for in-State tuition. This benefit is also extended to the
33 dependents of military members. This bill will ensure that military
34 personnel and their dependents receive a similar in-county tuition
35 benefit.
